ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

16th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG
USED IN CATALOGING THIS SALE

Gold, silver small cents, types, commems (gold & silver), and scarce currency, seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS GALORE

in every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

173.	1859-C Very fine. RARE. Seldom offered. Comparable to the Wolfson specimen sold in New York in October (that described as x.f. polished) at 320.00 but valued at	375.00
174.	1859-D Uncirculated, weak struck at top strands of hair and in "5" in date as on all we have seen. VERY RARE. Record for an inferior specimen \$380; surely this superior specimen worth	500.00
175.	1859-S Extremely fine, some luster. The Wolfson specimen in similar condition realized \$130 last October, surely this specimen now worth	150.00
176.	1860 BRILLIANT PROOF except for dull spot under bust. VERY RARE. The Wolfson specimen (there stated that less than 20 pieces were struck and very few are known to exist) and realized \$560 on a valuation of	600.00
177.	1860-S Nearly Uncirculated with prooflike surface. RARE. Record of \$155 for extremely fine and \$210 for unc.	

178.	1860-D Extremely fine with luster. THE SECOND RAREST DATE OF THE SERIES being exceeded in rarity only by the 1861-D. The usual light strike in UN as seem to be characteristic of all the genuine specimens we have seen. With 1861-D bringing in the neighborhood of \$6000 to \$7000 in similar condition, we believe this rarity is worth in the neighborhood of	\$5000.00

LESHER, PEDLEY-RYAN & BRYAN "DOLLARS"

We note a marked rise in demand since the Leshers have been included in the guidebook on page 245 as "Private Silver Coins Of The West" following the listing on Private Gold. Judging from the demand small supply available to fill it, we believe this series shows excellent potential for a rise in value.

COLLECTION HALVES, 1794-1807 BUST RIGHT

Many are ridiculously low in price compared to other series of similar date. Judging from the increasingly strong demand, they should prove to be a good investment at present day values. The halves and cents have been issued continuously for more years than any of the other denominations. They form an interesting contrast of the halves representing the silver and the cents the minor coins. With the constant addition of varieties, no doubt some of the following may prove to be real "sleepers" in value.

603.	1794 FIRST YEAR AND FIRST TYPE, FLOWING HAIR, 15 STARS (states) SMALL EAGLE, about very fine (the belly of the eagle was struck up higher than the balance of the coin, therefore it is not as sharp as the wings, wreath, letters, etc.) pinhead mark in field. VERY RARE. An acceptable and choicer than average specimen of this RARE COIN. Catalogs too low at	650.00

ROLLS LIB. WALKING HALVES, UNC.

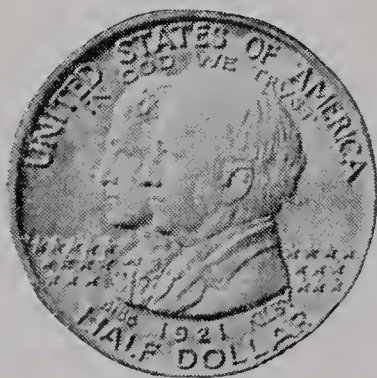

All now scarce with the latest being issued 17 years ago. We cannot help but feel that these are greatly undervalued in relation to the later dates as well as compared to the other denominations. While it was common practice to lay away some rolls of the lower coins, it required 50 times the investment to lay away 50c compared to 1c. A most unusual opportunity to acquire these old rolls.

Consignment C — Michigan

1929 SMALL SIZE NATIONAL CURRENCY

Issued only from 1929 to 1935. Collectors are now beginning to realize that this series is much scarcer than they had assumed. Judging from the number of want lists on hand, many of the states are somewhat undervalued compared to the "commoner" states. A number of collectors are trying to complete a set of notes from each of the 50 states. Some are also trying to assemble a set of the first 250 chartered banks. THERE ARE TWO TYPE NOTES, TYPE I (ISSUED 1929-1933) HAVE THE CHARTER NUMBER IN **BLACK ONLY**, AT BOTH EXTREME ENDS. TYPE II (ISSUED 1933-1935) HAVE THE CHARTER NUMBER, IN ADDITION, IN BROWN CLOSE TO BOTH SIDES OF BUST IN CENTER.

TYPE 1902 NATIONALS, BLUE SEALS

TWO MAJOR VARIETIES. TYPE I has "Secured by United States Bonds OR OTHER SECURITIES" U. S. TYPE II has "Secured By United States Bonds DEPOSITED WITH THE TREASURER OF" U. S. Instead of making a new design when the law was changed, as they did in 1882 brown backs to green backs, they simply morticed out the old obligation and replaced it with the new obligation. It was quicker and saved quite a sum.

LIBERTY STANDING QUARTERS

An exceptionally choice set which took many years to assemble. We note a marked rise in popularity of this series which no doubt will be reflected in somewhat higher prices in the next catalog. The guidebook states, "Uncirculated Standing Liberty Quarters with FULL HEAD are worth more than prices listed below."

1309.	1916 Brilliant Uncirculated FULL HEAD. SETTING NEW RECORDS. Now

LIBERTY STANDING QUARTERS (Continued)

1316.	1918 OVER 17-S, BRILLIANT UNCIRCULATED FULL HEAD. AN OUT- STANDING RARITY. SUPERIOR TO THE SPECIMEN WE SAW AT THE DETROIT A.N.A. CONVENTION IN AUGUST AT \$5,000.00. It is sel- dom that we have had the privilege to offer an uncirculated specimen in recent years and cannot find any reasonably recent record where we had the opportunity to offer such a choice specimen. We don't know which is rarer, the coin itself or the opportunity to acquire. We honestly believe THIS GREAT RARITY should be worth	\$6000.00

1320.	1919 Brilliant Uncirculated FULL HEAD.	75.00
1321.	1919-D Brilliant Uncirculated FULL HEAD. VERY RARE. In fact, compar- able to the 1927-S in rarity in this choice condition. Have you seen any? We have seen only about a half dozen specimens in this choice condition during the past 25 years or so. If rarity has anything to do with value, then this remarkable specimen should bring over	500.00

1325.	1920-S Brilliant slightly golden unc. FULL HEAD. VERY RARE. Seldom of- fered so choice. Do not confuse the rarity of FULL HEAD specimens with that of ordinary strikings. Some of the rarest FULL HEAD specimens are those which are among the commonest in ordinary uncirculated condition. ...	150.00

CHOICE BUFFALO NICKEL SET

Many years of effort with "price no object" went into the assembling of this set. It is becoming nearly impossible to assemble such a set again today, regardless of price. They should prove to be a good investment to the new owners, as they were to the present owner. We thought he paid "too much" for some when he was assembling the set but his answer was, "Can you produce them for less?" We must admit he was right since he has the coins while we have not been able to obtain some of them for him at "the right price." We believe the opportunity to obtain the coins is the true bargain. What good is a theoretical price if the coins cannot be obtained at these prices?

1498. 1918 OVER 17-D BRILLIANT UNCIRCULATED. THE CHOICEST SPECIMEN WE CAN RECALL SEEING. AN OUTSTANDING RARITY. WE SAW THE SPECIMEN WHICH WAS SOLD EARLY IN 1962 AT \$5,500.00. IT WASN'T THE EQUAL OF THIS ONE. The theoretical catalog value in Coin World Trends of \$4,500.00 is ridiculous as the only ads we saw in the last two years were two different dealers at \$5,500.00 (which is probably where this specimen was acquired). Certainly, this choice specimen should be worth at least \$7,500.00. We hesitate to use the term, "Chance Of A Lifetime", but if we were to use it, this would certainly be the time to do it. If the present rate of rise in values continues (as it is doing) it should probably, by the end of this year, be closer to \$10,000.00.

GOLD COMMEMORATIVES

This series has nearly doubled in value the past year and demand continues strong. With the many new collectors adding their demand to this popular series, supplies have been spread rather thin.

1815.	\$1 1903 Jefferson, Brilliant Unc., some PROOFLIKE surface.	150.00
1816.	\$1 1903 McKinley, only slight wear but evidence of removal from pin.	75.00
1817.	\$1 1904 Lewis-Clark, only slight wear but evidence of solder removal. RARE. We note choice specimens priced to \$450; this one worth about half.	
1818.	\$1 1905 Lewis-Clark, Brilliant Uncirculated, PROOFLIKE surface. VERY RARE SO CHOICE.	600.00
1819.	\$1 1915 Pan Pacific, brilliant unc. Now beginning to be appreciated for its rarity. Ads approaching	100.00
1820.	\$2½ 1915 Pan Pacific, Uncirculated with orange tint. RARE. Ads over \$400 to	450.00
1821.	\$1 1916 McKinley, Brilliant Unc., PROOFLIKE surface. With the same quantity issued as the 1904 Lewis-Clark, we cannot see why there should be so much difference in value. Evidently, others are also thinking thus, judging from its rapid rise the last six months.	150.00

1822. \$1 1922 Grant Star, Brilliant Uncirculated, CHOICE. RARE. Ads now around 400.00
1823. \$2 1/2 1926 Sesquicentennial, Brilliant Uncirculated. Ads around 85.00

\$50 1915 PAN PACIFIC ROUND

1824. \$50 1915 Pan Pacific, ROUND, Brilliant Uncirculated CHOICE. Helmeted bust goddess Minerva, reverse owl (symbol of wisdom). ROMAN DATE MCMXV. ONLY 483 ISSUED 48 YEARS AGO. Only a fraction of these still in existence (loss by fire, flood, melting and turned in under gold redemption law of 1933). Should continue to be a good investment for the new owner as it was for the present owner. The last specimen we had was \$5500.00

PRIVATELY ISSUED CALIFORNIA GOLD

Increasingly difficult to find. Judging from the small supply coming upon the market and the sharp interest in this historical series, we believe prices should advance markedly in the near future.

1825. \$5 1850 "MOFFAT & CO." On headband, rev. "S.M.V. (standard mint value) CALIFORNIA GOLD FIVE DOL.", resembles regular U.S. \$5 at first glance, extremely fine, REVERSE AT RIGHT ANGLE TO OBVERSE. Rare So Choice (most come very good to fine condition). 350.00

1826. \$20 1852 OVER 1, AUGUSTUS HUMBERT, fine. AN OUTSTANDING RARITY! We have seen only three different specimens in our nearly thirty years as professional numismatists. ONE OF THE MOST UNDER-VALUED OF ALL PRIVATE GOLD COINAGE. Missing in nearly every important collection coming upon the market! Certainly rarer than some coins in the \$5000 up group. Valued by owner (and we certainly agree with it) conservatively at \$3500.00

PRIVATELY ISSUED CALIFORNIA GOLD (Continued)

1827. \$10 1852 OVER 1, AUGUSTUS HUMBERT, United States Assayer Of Gold, California, characteristic bisecting die break. AT LEAST 20 TIMES AS RARE AS THE REGULAR 1852 A. HUMBERT. A choice extremely fine specimen of this rarity. If rarity has anything to do with value, then this rarity is worth over 1000.00
1828. \$10 1852 Normal dies AUGUSTUS HUMBERT. Acquired as a "Presentation Piece with PROOF Surface." It is a remarkably choice specimen. Since "Presentation Pieces" are known of the \$20, it is possible this was issued at the same time. This specimen was acquired at \$1,500 when the \$20 equivalent was in the \$2500 class. Since then, we saw the \$20 at the A.N.A. Detroit convention last August at \$4500; surely this \$10 should now exceed 2000.00
1829. \$10 1852 ERROR DIES, Augustus Humbert, "UNITED" error (similar to 1801 3 Errors 1c) extremely fine with luster. RARE. Acquired about 1½ years ago at \$575; should now bring closer to 750.00

1830. \$20 1853 UNITED STATES ASSAY OFFICE OF GOLD, SAN FRANCISCO, obverse UNITED STATES OF AMERICA (obviously, this makes it a U.S. coin as well as a "California Gold" coin). TWENTY D. around eagle holding scroll with "LIBERTY" on it. (900 THOUS. OVER 800 THOUS. MAGNIFICENT PROOF SPECIMEN, HIGH WIRE EDGE AROUND OBVERSE AND REVERSE. About 5 or 6 specimens were discovered around 5 years ago by a leading New York dealer who states they came from a descendant of the owners of the firm which struck these coins for the U.S. government. The last specimen we saw displayed was at the Detroit A.N.A. convention last August and was priced \$4,500.00; What this great rarity will now bring, will in the final analysis, be determined by your bid. Perhaps more, perhaps less.

1831. \$20 1855 "KELLOGG & CO." on headband of Liberty, reverse SAN FRANCISCO CALIFORNIA TWENTY D., variety with 3 short arrows in eagle's talon, a choice extremely fine specimen with some luster. At first glance, superficially resembles the regular U.S. \$20. Should bring over 550.00
1832. 5 DOLLARS SAN FRANCISCO STANDARD MINT 22 CARRAT FINE, obverse "1851" below head with LIBERTY on headband, struck in white metal from rusted dies, EXTREMELY RARE PATTERN. Adams' in his "Private Gold Coinage Of California 1849-55" published in 1913, lists this as Number 70 under "Pattern And Experimental Pieces Of California and says he knew of only one specimen at that time and tracing it back to the McCoy sale of May 17-21, 1864. Valued by owner at only \$500; we believe it could now bring over 750.00

TRANSITIONAL COINS

A most interesting series bearing the exact obverse and reverse of the regularly issued coins but struck a year(s) prior to their being issued for circulation or a coin with one die as adopted and the other die as adopted shortly after. ALL ARE VERY RARE WITH MOST BEING EXTREMELY RARE. The rise in values has been phenomenal during the past three years and there appears to be no stopping their continued advance, which far, far exceeds that of the dates issued for circulation. This collection follows the listing as published in the Coin World of March 9, 1961.

1833. 1c 1856 FLYING EAGLE, obverse and reverse as adopted in 1857. THE COMMONEST TRANSITIONAL with 600 issued uncirculated and 1000 proof. When the regular coins were issued in 1857, these ceased to be a novelty and most of the 600 uncirculated specimens issued to Congressmen and government officials as samples of the proposed coinage, were placed into circulation. The proofs were issued later for collectors. Since they exist in all conditions, they have been accepted as a "regular" coin and are included as such in the Guidebook. This is a beautifully golden toned CHOICE PROOF with WIRE EDGE of the regular copper-nickel composition used in 1857. The last choice specimen we saw was at the Detroit A.N.A. convention priced at \$3250; surely this one should now exceed \$3500 and may bring closer to \$4000.00

1834. 1c 1856 FLYING EAGLE, regular obverse, reverse type 1850 with shield except shield is broader than the die finally adopted. A CHOICE GOLDEN PROOF. ONLY 2 OR 3 ISSUED. THE RAREST AND MOST DESIRABLE COIN IN THIS COLLECTION! No wonder the owner valued it at \$10,000.00

1835. 1c 1858 REGULAR FLYING EAGLE with SMALL LETTERS, reverse REGULAR 1859 WITH LAUREL WREATH, BRILLIANT PROOF. ONLY 50 ISSUED. Number 2 in the list of Transitional Coins. The 1856 Proof was listed there at \$1000 but now is between \$3500 and \$4000. This 1858 was there listed at \$475 (nearly two years ago) and should now be at least 1500.00
1836. 1c 1858 REGULAR SMALL LETTER FLYING EAGLE, reverse Type 1860 with Oak Wreath except shield omitted, CHOICE GOLDEN PROOF. ONLY 31 TO 75 ISSUED (probably around 50). 750.00
1837. 1c 1858 INDIAN TYPE 1859, reverse TYPE 1859 with Laurel Wreath. Number 5 in list of Transitional Coins. BRILLIANT PROOFLIKE GEM. ONLY 200 ISSUED. Since these exist in all conditions down to very good, no doubt some were placed in circulation giving it the same status as the 1856 flying eagle. Nearly two years ago the Transitional Coin list had it at \$375 to \$475. Advertised in June 15 Coin World at \$850.00 unc. and in proof at 1100.00
1838. 1c 1858 INDIAN TYPE 1859, reverse type 1860 with oak wreath but shield omitted. GOLDEN PROOF. ONLY 50 SAID TO HAVE BEEN ISSUED. 500.00
1839. 1c 1859 REGULAR OBVERSE, reverse TYPE 1860, Uncirculated with Prooflike surface. ONLY 700 TO 800 ISSUED making it nearly as "common" as the 1856. Since they exist in all conditions down to good, they evidently circulated to almost the same extent as the 1856. In fact, the only catalogs back 50 years ago or so listed this, as well as the 1856, as regular coins. Becoming rather popular with a remarkable rise in value. Number 6 in list of Transitional Coins. Listed there (nearly two years ago) at \$200, we note it advertised in the June 15 Coin World at 575.00
1840. 1c 1860 REGULAR TYPE 1864 IN BRONZE, struck in bronze (copper?) Uncirculated brown with Prooflike surface. LESS THAN A DOZEN ISSUED! 600.00
1841. 1c 1863 TYPE 1864 BRONZE WITHOUT "L", Same Thin Bronze Planchet, RED PROOF. ONLY 200 ISSUED. Number 7 in list of Transitional Coins in June 15, 1961 Coin World at \$225; 1½ years since it was advertised in June 15 Coin World at 650.00

TRANSITIONAL COINS (Continued)

1842. 1c 1863-L TYPE 1864-L but struck in copper-nickel of 1853. ONLY 4 OR 5 ARE SAID TO BE KNOWN! The Transitional List has Number 8 as being an 1863-L in bronze (3 to 5 known) at \$3000; 1½ years later it was advertised in June 15 Coin World at \$6,800; now it should bring at least \$7,500.00
1843. 1c 1864 WITHOUT "L", white cent (copper-aluminum or copper-nickel) same thickness as bronze, bluish golden PROOF. Probably not over 50 issued. Acquired nearly a year ago at \$500; should now bring over 750.00
1844. 2c 1863 TYPE 1864 LARGE MOTTO, BRILLIANT PROOF. Have seen the figures "13 to 30," 15 and 40 mentioned as the amount issued. Since this is only the second specimen we have handled in our nearly 30 years as professional numismatists, we are inclined to accept the figure of 15 as being more nearly correct. Number 9 in list of Transitional Coins in June 15 Coin World 1961 at \$700; 1½ years later it was advertised in June 15, 1962 Coin World at \$2300.00
1845. 5c 1865 TYPE 1867 WITHOUT RAYS, BRILLIANT PROOF. Number 11 in list of Traditional Coins in March 9, 1961 Coin World at \$2,500 (Number 10, 1865 with rays, 9 or 10 issued, had record of \$1400 in 1959 A.N.A. sale and \$2,500 in private sale according to March 9, 1961 Coin World Transitional Coin list. This coin, number 11, is in Transitional list as "EXTREMELY RARE." No recent bona fide sales records known to us. Worth at least as much as the 1855 with rays listed above, IF NOT MORE.") The June 15, 1962 page ad on Transitional Coins in Coin World DID NOT CONTAIN THIS NUMBER 11, in spite of the fact that it did contain most of the cents and nickels. It did, however, contain number 10, of which 9 or 10 were issued (compared to this rarer number 11, of which only 6 or 7 were issued) at \$4600.00
1846. 5c 1865 TYPE 1866 WITH RAYS, BRILLIANT PROOF. Similar to number 10 in list of Transitionals but struck in copper. Only 15 to 20 said to have been issued. Number 10, struck in nickel, had 9 or 10 issued and listed in March 9 Coin World Transitional Coin list at \$2,500 and advertised in June 15, 1962 Coin World at \$4,600. Surely this specimen should be worth at least 2000.00
1847. 5c 1882 LIBERTY, TYPE 1883 NO CENTS, BRILLIANT PROOF. Number 13 in Transitional Coin list which states, "Extremely Popular." "Advertised at \$2500. We once received a bona fide offer of \$1800 for a specimen of this coin. The value of this coin has increased tremendously, due to the widespread knowledge of its existence. Only two or three years ago they sold for \$400 to \$750." Remember, this was in the March 9, 1961 Coin World. Since then, the demand must have been keen indeed as the June 15, 1962 Coin World page ad on Transitionals had it at \$9,250.00. Since the 1913 Liberty is "impossible" to obtain and is valued at \$50,000, we can see why the 1882 is so popular. It seems to be the fastest rising transitional, exceeding even the popular 1856 flying eagle cent, etc.

1848. HALF DIME 1860 Obverse Type 1859, Reverse Type 1860, BRILLIANT PROOFLIKE GEM. Only 100 issued and certainly not that many in existence today, over a century later. Included in the Guidebook as a "regular" issue (it includes several Transitionals as regular issues) which of course, enormously increases its demand. Number 15 in Transitional Coin list which states "One was sold in Chicago for \$1200, a reliable source confirms." Remember, this appeared in the March 9, 1961 Coin World. Now, nearly two years later, who knows its value, PARTICULARLY SO CHOICE. The June 15, 1962 Coin World ad did not contain a specimen.
1849. 25c 1863 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 12 issued. Number 18 in Transitional Coin list. Not in June 15 Coin World ad of Transitionals. We do know of a specimen but the owner a year ago stated that he wouldn't part with it for \$1,000.00.
1850. **25c 1864 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 10 issued. In even stronger demand than 1863. Number 19 in Transitional Coin list. Should bring over _____ 1500.00**

1851. 25c 1865 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 12 issued. In GREAT demand. Number 20 in Transitional Coin list. Why the Guidebook includes the 1866 No motto and not this 1865 With Motto, your guess is as good as ours. The 1866 No Motto sold two years ago at \$24,500 but we understand that it since has changed hands at a somewhat higher figure. Perhaps the owner is right with his valuation of _____\$2500.00

1852. 50c 1836 TYPE 1837 WITH REEDED EDGE, "50 CENTS" reverse, golden Uncirculated, slight rub. Only 1000 to 1200 issued. Number 21 in Transitional Coin list. Since the law authorizing them was not passed until 1837, they are a true Transitional Coin. They circulated rather extensively and are included in the Guidebook as a "regular" issue for the same reason as the 1856 Flying Eagle cent. Number 21 in Transitional Coin list at \$160 in March 9, 1961 Coin World. The present price now seems to be closer to 250.00
1853. **50c 1863 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 10 issued. Number 24 in Transitional Coin list. No recent pertinent information as to value, however in a ratio of values between 25c, 50c, \$1 of 1863 with motto, this should be worth around _____\$1500.00**
1854. **50c 1864 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT BLUISH PROOF. ONLY 6 ISSUED. Number 25 in Transitional Coin list. No recent pertinent information as to value, however in a ratio of values between 25c, 50c, \$1 of 1864 with motto, this should have a value of about \$2,000 if the amount issued were the same as the 25c (10 issued). Since only 6 were issued, we believe its greater relative rarity places it in the class of _____ 2500.00**

1855. 50c 1865 TYPE 1866 WITH MOTTO, "In God We Trust", BLUISH PROOF. Only 12 issued. In GREAT demand. Number 26 in Transitional Coin list. Why the Guidebook includes the 1866 No Motto and not this 1865 With motto, your guess is as good as ours. The 1866 No Motto sold two years ago at \$15,500 but we understand that it since has changed hands at a somewhat higher figure. Perhaps the owner is right with his valuation of _____\$3000.00

TRANSITIONAL COINS (Continued)

1856. \$1 1836 GOBRECHT FLYING EAGLE, some evidence of slight friction, INVERTED REVERSE ORIGINAL. Only 600 issued in 1836 compared to the 1000 issued with normal reverse in 1837. The law authorizing them was not passed until 1837, therefore this becomes a true Transitional Coin. They circulated rather extensively and are included in the Guidebook as a "regular" coin, (altho the Guidebook does not distinguish between the rarer original from the "commoner" re-issue). This rare original should bring at least 1250.00
1857. \$1 1863 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 12 issued. Number 27 in Transitional Coin list. Fortunately, we have a recent valuation to guide us. The December Numismatic Scrapbook magazine, just received, has an ad on silver dollars and it contains this coin at 2500.00

1858. \$1 1864 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 6 issued. Number 28 in Transitional Coin list. In stronger demand than 1863 and even more rare. Should be worth at least \$1000 more or \$3500.00

1859. \$1 1865 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. Only 15 issued. Number 29 in Transitional Coin list. In almost Fantastic Demand. Why the Guidebook includes the two known 1866 No Motto and not this 1865 With Motto, your guess is as good as ours. The 1866 No Motto sold two years ago at \$13,000 and would now bring somewhat higher. The price list of a Western dealer, issued nearly a year ago, contained a specimen which we understand was "over \$3,000". With the present unusually strong demand, this rarity could now exceed \$4000.00

1860. \$5 1865 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. We believe this is gold plated copper rather than the solid gold of which only 2 specimens are known (and not available to the best of our knowledge). Only 6 or 7 said to have been issued in copper. Number 30 in Transitional Coin list. Valued by owner at 1000.00
1861. \$10 1865 TYPE 1866 WITH MOTTO, "In God We Trust", BRILLIANT PROOF. We believe this also is gold plated rather than solid gold of which only 2 specimens are known (and not available to the best of our knowledge). Only 9 or 10 said to have been issued in copper. Number 31 in Transitional Coin list. Valued by owner at 1500.00

1972.	1800 LARGE HERALDIC EAGLE, nearly Uncirculated. A RARE and popular type acquired in 1962 at \$750. In checking this price with the owner, he remarked, "Yes, I've seen it advertised several times for less, but when I ordered it, the coin was always "gone". We are inclined to "go along" with the owner's viewpoint. One advantage of auction, you KNOW the coin is available until the day of the sale and that you have as much a chance as anyone to acquire it. Should now bring	\$ 850.00
